ACKNOWLEDGEMENT

The first, we would like to express my special thanks of gratitude to my teacher **Omar Mushtaq** who helped us a lot in finalizing this project within the limited time frame, valuable counselling and assistance for the accomplishment of this project.

Secondly, we would also like to thank the eProject team at Aptech Head Office, who gave us the golden opportunity to do this wonderful project about **Simplon's Beauty Care.**

Thirdly, we also thank the eProject team, some of the benefits are as under:

- Re-enforcement of skills happens in the experiential learning process.
- A mentor, ensuring that we do not get drifted, constantly guides us.
- It gives us a lot of confidence to face an interview as we have

worked on a project. We can explain virtually everything on the subject we have learnt.

SYNOPSIS

Follow the strong development of the internet, technology watches and the growing watch market, every business needs a website design to display products on the internet.

Online beauty shop is a web portal developed to display and sell cosmetic products online. It is full-fledged ecommerce site where customer can select product, add product to shopping cart and checkout. System administrator can add product, upload product image from web interface.

So, Simplon's Beauty Care shares the best product images through the website for everyone to know our products.

However, purchases are not made directly on the website, we are working on it.

PROBLEM DEFINITION

SIMPLON's Beauty care Centre is very big shop of cosmetics and accessories in the city. With the success of the shop, owner had opened few more shops in the different cities also. Simplon product is known for their quality of the service which they are providing since 1985. In order to advertise about the company and also to start online services the company wishes to make the website of the company.

CUSTOMER

REQUIREMENT

SPECIFICATION

(CRS)
